

Branislav Savić, First Vice President

Mr. Branislav Savić, Plant Manager at Ball Beverage Packaging Europe, Belgrade, steers Ball's manufacturing facility in Serbia since 2015. Born in Belgrade, Mr. Savić has earned M.Sc.Eng. degree at Munich University of Applied Science, and spent more than a decade in Germany and Spain, where he worked for distinguished companies, such as TÜV SÜD, but also initiated several successful startup businesses in IT and automotive industries. He returned to hometown and joined Ball Corporation in 2004. His key areas of interest are people development, promotion of technology, innovation and modern manufacturing culture, as well as support for initiatives to improve the local business environment. Mr. Savić is married, with two children. He is passionate about cars, skiing and sailing. Fluent in German, English and Spanish.
